Supervision 2 Tasks:

How to use the Web Science MOOC

• UbiCamp: Web Science
  o All of the sections are essential

• UbiCamp: Living and Learning on the web
  o All sections are of interest
  o The section on online presence will be essential (but not this week)

Web Science: before next meeting

  o Work through the introduction to the MOOC
  o Complete the exercises in Week 1 of the FutureLearn MOOC
  o Read all sections
  o Complete all activities including the task and the quiz
  o You can take part in discussions online with the MOOC community, but we will cover them in next week’s class activities

Living and learning: before next meeting

• Watch the introduction section
  o You do not have to complete the exercises, but you might find it useful
  o Look at the discussion sessions. Which discussions are most relevant to living and learning on the web?
  o Skim through the content headings and identify other week’s you think might be useful
  o Reflect on your own approaches to learning on the web

All: Before our next meeting

• Complete the doodle poll
  o Indicate your availability in principle http://doodle.com/swti5cxml9rgcchqu
  o We will discuss the availability at the next meeting

• Watching
  o We Think: https://www.youtube.com/watch?v=qIP79vYsfbo

• Reading
  o We think wiki
  o Look at the wiki
  o http://wethink.wikia.com/wiki/Main_Page
  o Read the introduction section “Why the next big thing will be us”
  o http://wethink.wikia.com/wiki/Why_the_Next_Big_Thing_Will_Be_Us
  o How does this relate to your own experience?
