

## Strategic aims and key deliverables

The strategic aims reflect JISC's need to support both government objectives and the needs of the education and research communities. In achieving its aims JISC will work with key strategic partners and will advise, inform and help implement the strategies of government, funding councils and research councils.

JISC's previous strategic aims continue to remain valid but the new aims reflect a refocusing on outcomes and impact

### Strategic aims

JISC will deliver its mission through:

<b>Aim One</b> <sup>1</sup>	innovative and sustainable ICT infrastructure, services and practice that support institutions in meeting their mission	<b>Key deliverables</b> <sup>2</sup>
<b>Aim Two</b> <sup>3</sup>	promoting the development, uptake and effective use of ICT to support learning and teaching	<b>Key deliverables</b> <sup>4</sup>
<b>Aim Three</b> <sup>5</sup>	promoting the development, uptake and effective use of ICT to support research	<b>Key deliverables</b> <sup>6</sup>
<b>Aim Four</b> <sup>7</sup>	promoting the development, uptake and effective use of ICT within institutions and in support of their management	<b>Key deliverables</b> <sup>8</sup>
<b>Aim Five</b> <sup>9</sup>	developing and implementing a programme to support institutions' engagement with the wider community	<b>Key deliverables</b> <sup>10</sup>
<b>Aim Six</b> <sup>11</sup>	continuing to improve its own working practices	<b>Key deliverables</b> <sup>12</sup>

Aim 1 incorporates a large proportion of JISC's work in the delivery of national infrastructure and services that support a wide range of communities within institutions. It incorporates around 85% of JISC's core funding.

Aims 2-5 focus on key communities that JISC is aiming to reach through focused development programmes. Aim 6 concentrates on the operation of JISC itself.

In order to achieve these aims, a number of priority activities and key deliverables have been identified and updated.
