

# WEBS2002 Interdisciplinary Project

Week 7: Overview <http://www.edshare.soton.ac.uk/13595/>

## Theme: Integrating disciplines reviewing methods

The materials are designed to build on your learning from the project review of week 6:

- They can be used to help you review the methods which you have used
- You might particularly incorporate your understanding of these slides in the discussion, conclusions and future work sections of your report.

Slides include links to other materials
